
JEDCO Small Grants Program and Application

Purpose Statement

The goal of the Jasper County Economic Development Corporation (JEDCO) Small Grants Program is to provide financial assistance to JEDCO member communities for economic development projects that increase the property tax base and/or create jobs.

Project Funding

JEDCO member communities can apply for up to \$10,000 for eligible projects. The applicant will be responsible for 25% of the project costs. Awards will be on a reimbursement basis for 75% of the final project cost up to the award amount. No funds will be awarded for expenses incurred prior to grant approval.

Eligible Applicants

Current Jasper County Economic Development Corporation (JEDCO) members in good standing are eligible to apply for funding. Applications must be submitted by a current JEDCO Board member.

Applications may be submitted on behalf of a City or a private entity representing a JEDCO Board member. Members are eligible to receive funding for one project per fiscal year.

Eligible Projects

Projects requesting funding must have a clearly defined tie to increasing the property tax base and/or creating jobs.

Application Process

Applicants must complete the attached application form and submit it to the JEDCO Executive Director for review. A quote from a licensed or trade professional must be included with the application. A statement of the source of the 25% local match must also be included.

The JEDCO Executive Director will review the proposed project with the applicant and prepare a brief project evaluation report and recommendation for the JEDCO Board. The JEDCO Board will make final decisions on awards. The Board member who is the project applicant is expected to recuse themselves from the vote on project funding.
